GOVERNOR'S MESSAGE

TO THE MEMBERS OF THE 42nd GENERAL ASSEMBLY:

GENTLEMEN:-

By virtue of the power and authority vested in me by Section 19, Article 6, of the Constitution of the State of Arkansas, I have called the 42nd General Assembly in extraordinary session for the third time to consider the following important proposition, to-wit;

The enactment of laws establishing special or local road, bridge, drainage and levee improvements districts, and school districts, and conferring special powers thereon, and amending and curing defects in existing special or local laws for the same, and ratifying, confirming and validating special or local improvement districts organized under general laws or special or local laws, and enlarging the powers thereof, and to enact such laws as will permit the completion, reconstruction or extension of waterworks systems and other improvement districts in cities or towns.

This third call for the extraordinary session of the 42nd General Assembly, as you are aware, was made imperative by the decision of our Supreme Court, holding that under our Constitution special acts should be advertised for thirty days prior to their introduction, the principal of which decision you are thoroughly conversant with. In order to have ample opportunity for advertising, the Governer issued the call for this session of December 9th, 1919, calling you into extraordinary sessrion January 26, 1920, thereby affording ample opportunity to meet the requirments of our Constitution.

Despite the fact that the last extra session cost approximately $35,000, and as much as I regret this additional drain on the general revenue fund, it will prove to be money well spent if, during the four months and more that have elapsed since your last session, you have considered well and consulted with the tax payers of your respective districts and counties the wisdon, the character, the location and other necessary features of your local internal improvements which, when completed, will be monuments to your patriotism and to your progressiveness.

The State of Arkansas is just coming into its own with an income production of last year of approximately $700,000,000, with an encrease in the assessed valuation of our property within the past two years of over $150,000,000, as shown by the records of the Tax Commission, with a citizenship that is advancing rapidly along moral, educationa, social and economic lines of progress, "Arkansas is building more stately mansions for her soul as the swift seasons roll." Acting purely from patriotic motives, uncolored by any taint of political preferment or personal vantage, coming in contact with the citizenship of the State, as I do, I am fully convinced that an overwhelming majority of our people are firm believers in any system of progressive legislation, which will mean the moral, educational, and economic development of our beloved commonwealth.

Our road program is an ambitious and far-reaching one, ranking next to the State of Texas among the commonwealths of the Union. Statistics furnished by the Highway Department show that up to that date there are 3981 miles let to contract, 331 miles are held up for curative legislation and court decisions, 3651 miles are now under construction. It has been extimated by the Highway Department that there are approximately 4200 miles more contemplated, which will be necessary to connect up out country seats and afford fairly adequate transportation facilities to all parts of the State. If this mileage is authorized by your Honorable Body, Arkansas will have approximately $108,000,000 invested in good roads. The total amounts of state and federal aid funds allotted as aid and already paid on projects amount to the magnificent sum of $5,667,933. The Federal Government alone, during the five year period beginning January 1916 and ending January 1921, has allotted for road building in the State of Arkansas the sum of $4,650,000. Of the federal and state aid there has already been paid to date $984,237,00. May I call the attention of your Honorable Body, and your constituents, through you, to the fact that these federal and state aid projects are subject to the most careful supervision both by federal and state authorities? Before federal aid can be received, the District Engineer at Ft. Worth, the Bureau of Public Roads at Washington, and the Secretary of Agriculture must approve. Before state aid can be secured, a State Advisory Highway Board, one of whom is a Civil engineer of high professional attainments and marked ability, must pass on the allottment, Inasmuch as most projects involve both state and federal aid, it is worthy of note that at least six U.S. Government Engineers, with no possible interest in the contracts, assist our local engineers in checking upon the cost of material of the governemtn and state specifications. They are present at every contract letting, thus safeguard the interest of the tax payers.

The regular session of the 42nd General Assembly very wisely passed Act #69, known as the Road Maintenance Act, but in some instances, the provisions of this Act have not been observed. May I respectfully call the attention of your Honorable Body to the necessity of providing in each and every district an adequate maintenance fund, extending over a period of at least 20 years for the upkeep of the roads after they are constructed. This has been the most serious defect in the road legislation of the past.

I shall not take your valuable time to enter into any argument for the necessity of enacting bridge, drainage, levee improvement, school district and waterworks legislation. They are closely corrulated with the necessity of road improvement and, if authorized, will be harbingers of prosperity.

May I urge, in conclusion, that your deliberations be marked by well considered, yet prompt action and the avoidance of unnecessary delay in discussion to the end that the maximum amount of good may be accomplished in the minimum amount of time entails additional expecse on the State, and makes it more difficult for the Governor and the State Comptroller to keep the biennial expenditures within our revenue and maintain the State upon absloutely a cash basis. There is at the present time approximately $300,000 in the general revenue fund and every dollar of this must be safeguarded to meet the growing demands of the State.

My pleasant and profitable associations with you during the regular session and the two proceding extra sessions have convinced me of your exalted patriotism and unswerving devotion to public duty. I feel that the interest of Arkansas are in the hands of your Honorable Body.

Very respectfully submitted,

Charles H. Brough

Governor.

On motion of Mr. Doyle of Lawrence County, the joint session was desolved, at 4 o'clock P.M.

The members of the Senate returned to the Senate Chamber and was called to order by the President. The Secretary called the roll and a quarum was present.

Whereas forty three cities of the State of Arkansas has signed petitions to the Governor and the emebers of the Legislature requesting them to estend the Extra Ordinary Session of the Forty Second General Assembly for the purpose of abolishing or amending Act Number 571 of the Acts of the General Assembly of 1919, approved, April, 1st. 1919, and

Whereas it has been proven that the great number of cases which are now coming before the Arkansas Corporation Commission, it is a physical impossibilityfor the said Commissioners to docket and hear one half of same and give them the time and attention they deserve, and,

Whereas local city councils, or city commissions are much more capable of regulating their common carriers, or public utilities for the fact they are on the grounds and know the conditions and have the time to devote to any complaints, or cases arising in their community, and,

Whereas this Act denies cities or minicipalities the right of local self government; the right to fix rates, adjust and promulgate rates of any public service corporation or public utility, and,

Whereas minicipalities wishing to errect or establish electric light plants, water works, power plants, etc., which are to be owned and controlled by the city affected cannot do so without first securing a permit from the aforesaid Arkansas Corporatinn and after same has been secured the cities are not allowed to regulate the rates that shall be promulgated in same, and,

Whereas this being contrary to all democratic principles or doctrins,

Therefore be it resolved that the Extra Ordinary Session of the Forty Second General Assembly of the State of Arkansas now convene, be, and now is extended for the purpose of considering a bill to abolish or amend Act Number 571 of the Acts of the Ganeral Assembly of 1919, approved April 1st, 1919.

The above resolution was read whereupon, Senator Caldwell raised the point of order, that the above resolution can not be considered at this time in as much as the General Assembly has not completed the work for which it was called in estraordinary session.

The president held the point of order as well taken.

OUR LEGISLATORS

They have met in extra session
With a great big job to do
But each Legislative heart beat
Represents a thought of you.
Alexander, Ward and Utley,
Ponder, Collins and the rest,
Thirty-five we see in number
Of the brightest and the best.

In the House, there's Doyle and Lewis,
Yates and ninety-seven more.
Each one there to serve a purpose
Greater than was known before,
Each one filled with high ambition,
To accomplish good for all,
While they work--lets turn the picture
Of the "knockers" to the wall.

When in the dim beginning of the years, the Creator concluded to build a World, and knowing all things as to what would constitute necessities and luxuries as well, he planted an Apple tree, before he even created Woman (and there could be no greater compliment), and since that day Apples have been the food of the Gods, and the brand that comes from that part of the State that Senator McFarland hails from has made out a strong case as the location where the Angel with the flaming Sword has kept out all save the elect, and this explains why they send only Senator McFarland's typw of man.

Therefore believing that the Senate might hape that if they were fed for a season on this brank of Apples to same day approach the Senators class. We now take off our hats and make our most profound bow accompanied with our sincerest thanks to the Senator who hails from the county whose first imhabitant blamed the Woman for his first disobedience, and true to type he has kept it up to this good day.

However here is long life and prosperity to North West Arkansas' Sterling Senator.

HOUSE CONCURRENT RESOLUTION NO. 4.

WHEREAS, the Senate of the United States has been debating the propositin of ratifying the Treaty of Peace with Germany for the past seven months; and

WHEREAS, it has been clearly proved that the mafority of the Senate is in favor of ratification, but that the constitutional two-thirds has been unable to agree; and

WHEREAS, this situation shows that this Section of the Constitution makes it possaible for a stubborn minority to keep the country technically at war, when the whole country is crying out for peace;

THEREFORE, be it resolved by the House of Representatiges of the State of Arkansas, the Senate concurring, that concurring, that this General Assembly protests in the name of the people against a continuation of so dangerour a siutation, and prays that the Senators and Representatives of this State in Congress use their best efforts, and vigorously support a measure proposing an amendment to the Constitution of the United States which will provide that a majority, instead of two-thirds, may ratify theaties, If a majority may constitutionally declare war, it is intolerable that a minority may prevent peace by indefinitely holding up a treaty against the will of a majority and of the people.

The Curticies of the Floor was extended to the Rev. Frank J. White, Former Chaplain of the Arkansas Senate.

Senator Emory Submitted the following Concurrent Resolution No. 3

Whereas forty three cities of the State of Arkansas has signed petitions to the Governor and the members of the Legislature requesting them to extend the Extra Ordinary Session of the

Forty Second General Assembly for the purpose of abolishing or amending Act Number 571 of the Acts of the General Assembly of 1919, approved Appil 1st. 1919, and,

Whereas it has been proven that the greathumber of cases which are now coming before the Arkansas Corporation Commission, it is a physical impossibility for the said Commissioners to docket and hear one half of same and give them the time and attention they deserve, and,

Whereas local city councils, or city commissions are much more capable of regulating their common carriers or public utilities for the fact they are on the grounds and know the conditions and have the time to devote to any complaints, or cases arising in their community, and,

Whereas this Act denies cities or municipalities the right of local self governemtn; the right to fix, adjust and promulgate rates of anu public service corporation or public utility, and,

Whereas municipalities wishing to errect or establish electric light plants, water works, power plants, etc., which are to be owned and controlled by the city affected cannot do so without first securing a permit from the aforesaid Arkansas Corporation and after same has been secured the cities are not allowed to regulate the rates that shall be promulgated in same, and,

Whereas this being contrary to all democratic principles or doctrins,

Therefore be it resolved that the Extra Ordinary Session of the forty Second General Assembly of the State of Arkansas now convened be, and now is extended for the purpose of considering a bill to abolish or amend Act Number 571 of the Acts of the General Assembly of 1919, approved April 1st. 1919.

Report of Journal Committee

Mr. President:

We the Committee on Journal of the 42nd. General Assembly, convened on the 26th. day of January 1920 in Extraordinary Session, beg leave to report that we have examined the Journal to the best of our ability and have compared the same with the minutes of the daily proceedings of the Senate and in so doing have found few errors which we have corrected.

We desire to compliment the Journal Clerk, T.H. Ward, and also, his assistants for the diligence, accuracy, and kindness in preparing the proceedings in this Extraordinary Session.

Very respectfully submitted,

R L Collins Chairman
Elbert E. Godwin
